Editorial

I am pleased to present International Journal of Clinical and Medical Images (IJCMI) a rapid peer reviewed Journal which have a key concerns over the clinical practices by investigating the best patient arranged clinical research and by displaying this information both legitimately, as clinical discoveries, and practically speaking focused organizations of direct application in everyday situations. I am satisfied to report that, all issues of volume 6 were published online well within the time and the print issues were additionally brought out and dispatched within 14 days of publishing the issue web based during the time of 2019.

The Journals aims to flourish and to maintain the standards in research and practice, provide platform and opportunity to present evidence based medicine and analytical assessment of research and probably it is much in deed for students, teachers and health care professionals to enhance the patient care.

During the calendar year of 2019, IJCMi received a total of 70 manuscript, out of which 28 articles (40%) were rejected in the preliminary screening due to plagiarism or being out of the format and peer review process. During 2019 around 42 articles were subjected for publication after they are accepted in the peer review process. In the 9 issues of Volume 6 published during the year 2019, a total of 42 articles were published (at an average of 5 articles per issue) of which, articles were published from authors all around the world. Globally articles have been accessed by the research scientists and also cited.

During the calendar year 2019, a total of three Editors, seven Reviewers joined the board of IJCMi and contributed their valuable services towards contribution as well as publication of articles, and their valuable reviewer comments will beneficial to publish quality of article in the Journal.

I take this opportunity to acknowledge the contribution of (Dr. Birger Hesse) during the final editing of articles published and the support rendered by the editorial assistant, in bringing out issues of IJCMi on time. I would also like to express my gratitude to all the authors, reviewers, the publisher, the advisory and the editorial board of the journal, the office bearers for their support in bringing out yet another volume of IJCMi and look forward to their unrelenting support to bring out the Volume 7 of the journal in scheduled time.
